Overview: Fusion Electric (FE) is an electrical contractor company that provides electrical services to Government Federal Agencies and Commercial Industries. Our great record of performance from planning phase to execution of each projects, shows the knowledge required, the qualified electricians and resources, needed to execute every electrical job. Under personal supervision from The owner, who himself is a master electrician with over 20 years of experience in the electrical field.

We was founded in 2006 to provide electrical services in the commercial, industrial and residential areas. We build out business reputation on our commitment to our service quality, the quality of our staff and the cost effectiveness of our solutions. Over the years, our company has developed strong relationships with government agencies. References upon request.

Mission Statement: Our mission is to be the best electrical contractor in our field; experienced, responsive, competitive, and on-schedule. These qualities translate into excellence and trust in almost 20 years of service. Through extraordinary personal service, attention to detail, and commitment to our customers' needs, we have earned a reputation for excellence that keeps our clients coming back again and again, and consistently referring Fusion Electric with confidence.
